

BAC APPRENTICESHIP TRAINING CENTER

THE LEAD

LOCAL 1 MN/ND

FEBRUARY 01, 2023

ISSUE 07

What's Been Happening at the Training Center?

January has us busy with our regularly scheduled related training for brick and tile, as well as, all three years of PCC related training and the related training for our correspondence apprentices who reside outside the metro area.

Brohdy Avery demonstrates self-rescue techniques during OSHA 3115 fall protection hazards, presented by CPWR Master trainers Mike Kassman and Terry Hayes. This course certified 2nd and 3rd year PCC apprentices and a few interested journey-workers in all aspects of the 1926 CFR, including inspections on equipment and rescue scenarios.

Jonathon Fredericks is awarded \$500 scholarship from ICRI for Outstanding Apprentice/Apprentice in Need.
